Here's what one of our students thinks...

"Excellent Course for supervisors and foreman. You get to better your knowledge around civil and being a supervisor/foreman.

This course has taught me to plan ahead to know where you're going and what you want to achieve. I also have more of a health and safety focus outlook.

The support processes for assessments were very helpful and precise."

Shannon Clelland

Here's what another student thinks...

"Since doing my Cert IV in Civil Construction, I have had good feedback from my employers about promotions and pay rises.

The management skills I learned helped me to see more productive ways of doing tasks. I found the RPL process easy to understand and follow instructions."

Greg Antaw

How is this program delivered?

A very simple process that most find interesting, and rewarding.

1-1 Training Program:

- Online access 24/7 to everything you need – course materials, assessments, resource libraries...
- No Exams. No Essays. No college or workshop attendance required
- Complete your assessments based on projects in your current role.
- Monthly Phone appointments with your Trainer – to understand the assessment requirements, determine what evidence you already have and what is needed to complete for each unit, discuss the topic...
- Regular Tutorials via Zoom available to get all your questions answered as needed
- Regular phone sessions with your Completion Coach/Tutor – to help you through the units, sort out any issues, keep you on-track...
- Complete all units over the 12 month period
- Qualification awarded + online graduation celebration

How much time will this course take?

The course runs over 12 months.

Your qualification will be issued after 12 months, when all the units have been completed.

Your assessments may take around 4 hours per week, or perhaps less if you have experience.

As they are work-based projects, you may be able to get some of it done during your work hours.

If you have experience, this may be a hunting and gathering exercise for you and then just answer the questions based on your work.
